EU Firearm Category according to the EU Firearm directive, annex 1

Nro	EY- lk

F.ex: "C2"

"rifle, magazine single shot"

Category B – Firearms subject to authorisation

~~1. Repeating short firearms.~~

2. Single-shot short firearms with centre-fire percussion.
3. Single-shot short firearms with rimfire percussion the overall length of which is less than 28 cm.
4. Semi-automatic long firearms the loading device and chamber of which can together hold more than three rounds in the case of rimfire firearms, and more than three but fewer than twelve rounds in the case of centre-fire firearms.
5. Semi-automatic short firearms other than those listed under point 7(a) of category A.
6. Semi-automatic long firearms listed under point 7(b) of category A the loading device and chamber of which cannot together hold more than three rounds, where the loading device is detachable or where it is not certain that the weapon cannot be converted, with ordinary tools, into a weapon the loading device and chamber of which can together hold more than three rounds.
7. Repeating and semi-automatic long firearms with smooth-bore barrels not exceeding 60 cm in length.

Category C – Firearms and weapons subject to declaration

1. Repeating long firearms other than those listed in point 7 of category B.
2. Long firearms with single-shot rifled barrels.
3. Semi-automatic long firearms other than those listed in category A or B.
4. Single-shot short firearms with rimfire percussion the overall length of which is not less than 28 cm.

IV. For the purposes of this Annex:

- (a) 'short firearm' means a firearm with a barrel not exceeding 30 centimetres or whose overall length does not exceed 60 centimetres;
- (b) 'long firearm' means any firearm other than a short firearm;
- (c) 'automatic firearm' means a firearm which reloads automatically each time a round is fired and can fire more than one round with one pull on the trigger;
- (d) 'semi-automatic firearm' means a firearm which reloads automatically each time a round is fired and can fire only one round with one pull on the trigger;
- (e) 'repeating firearm' means a firearm which, after a round has been fired, is designed to be reloaded from a magazine or cylinder by means of a manually-operated action;
- (f) 'single-shot firearm' means a firearm with no magazine which is loaded before each shot by the manual insertion of a round into the chamber or a loading recess at the breech of the barrel;
